# Neighbors Vacation

[www.illustratedinterracial.com](http://www.illustratedinterracial.com)

We live in a upscale neighborhood and have land scapers who look after the lawns and gardens. most of them are black.

So for a week we look after the place, my wife going in the morning and me going in the after super.

Good morning gentlemen.

Good morning mam. I say you look mighty fine this morning mam.

Why thank you boys. Don't let me distract you from your work.

When neighbor friends of ours, Tony and Brenda go on a 2 week vacation. They ask us to look after the place. since the lawns and gardens are looked after, all we have to do is bring in their mail and news papers so no one knows the house is empty and give their dog food and water twice a day.

Fuck, that white bitch sure is hot. Would love to tap that white ass.

Yeah, and she knows we're checking her out too. How she is shaking that big white ass of hers.

One day I get off work early and figure why not go now on my way home then I won't have to do it after super.

Well I go in and I here moaning and grunts coming from the bedroom. My first thought is Toney and Brenda are home early and are making love.

I listen for a few seconds then hear a female voice moan softly..

"Give that big black cock"

..and a male voice say louder..

"Take it you rich white slut. Take that black dick"

My first thought is holy shit Brenda is fucking a black guy.

Then I hear the woman scream loudly

"POUND MY WHITE PUSSY WITH YOUR BLACK COCK. PUMP ME FULL OF BLACK SEED"

I freeze in horror,

..to see my wife Leanne getting fucked by one of the black guys that tend the lawns.

I know that voice. I open the door a crack and look in...

At first I'm pissed and ready to go in and stop them.

But, as I watch this big sweaty black man pounding my tiny wives white body...

...and the look of lust on her face.

I get so turned on I can't help but jerk off as I watch them.

Well, after I go home I wait for her and confront her.

Leanne tells me she's been attracted to black guys for a long time now..

...and figure this was the perfect time to give into her urges and use Tony and Brenda's house to have sex with black men, thinking I wouldn't find out.

she tells me she been bring a different black gardener there every day for a week and fucking them.

I'm so turned on that I agree to let her keep doing this, but only if I can watch.

So for the next week I watch from the closet....

...while my little blonde wife brings big black men,

Sometimes 2 at a time...

...to Tony and Brenda's place.

I jerk off while Leane gets her rich white pussy and ass filled with black baby batter.

THE END
